Notification to Parents, Employees and Parents:

In compliance with the 1986 Asbestos Hazard Emergency Response Act (AHERA) requirements, Dibble Public School provides annual notification via the school website (www.dibbleps.org) to the parents and employees regarding the recent, current and future plans regarding to asbestos-related activity and presences within our school system.

Re-inspections of our facilities are regularly conducted every three years in October and all known asbestos-containing building materials are periodically surveilled for changes to condition every six months, typically in September and March.

Dibble Public School has conducted asbestos-related actions within the past year, and are as follows:

- 3-Year Re-Inspections on October, 2020.
- 6-Month Periodic Surveillances on September 1, and March 1, 2020.
- EPA representative from Oklahoma Department of Labor (ODOL) has conducted an audit of our LEA on August 25, 2020.

Dibble Public School is intending to conduct further asbestos-related actions within this upcoming year, and are as follows:

- 3-Year Re-Inspections on October 15, 2020.
- 6-Month Periodic Surveillances on September 1, and March 1, 2021.

Our AHERA Management Plan is available for viewing upon request to the AHERA Designated Person, Chad Clanton, and shall be made available for viewing to the requestee within five (5) workdays from the received date formal request. Chad Clanton may be reached using the following methods:

- Telephone: 405-344-6375
- E-mail: clanton@dibble.k12.ok.us
- Fax: 405-344-6977
