

SCHOOL SUPPLIES

Below is a list of basic educational school supplies provided by the Native American Programs.

The list is based on the approved supply list from the school for each grade level, and subject to change from year to year.

All supplies will be handed out at the beginning of the school year. It will be the responsibility of the student and parent to keep up with the school supplies throughout the year. However, during the year, if the student is running low on a certain item, or needs a replacement item, we will be happy to help.
